Dear Parent(s),

Thank you so much for your interest in Stellar Cheer's Mini All-Star Program for children ages 5-8yrs. **Please use your child's birthdate as of August 31, 2010 to determine his/her "USASF" competing age for the 10-11 season.** (i.e. A child who is 8 years old as of August 31, 2010 will be considered 8 years for the entire season regardless if they turn 9 years old during the competition season.)

Stellar Cheer is a competitive, cutting edge program that has high expectations. We are not a "recreational" program. **We want you to know that we are dedicated to giving each cheerleader the ultimate cheerleading experience.** We get to know each individual, help them set and reach goals, learn the value of commitment and team work, and ultimately see their dreams become a reality. The coaching staff's mission is to offer the best technical training and provide a positive learning environment. Stellar Cheer teaches kids to be exceptional cheerleaders, but most of all, Stellar Cheer teaches kids to be exceptional people. Focusing on teamwork, integrity, and structured safe workouts, Stellar Cheer team members learn how to encourage one another while building their self-confidence.

The following is a detailed description of All-Star Cheerleading: *All-Star cheerleading teams are made up of various members in the local community with the primary focus on performance and competition. All-Star teams do not cheer for another organized sport such as football, basketball, etc. Teams spend several months training and assembling a choreographed routine. This is a competitive team sport incorporating skills from several other disciplines such as gymnastics, dance, stunting, jumps and cheer. All-Star squads differ from other teams in that they train year-round for competitions and their goal is to compete. All-Star Cheer also differs from most other sports in that every team member is vital to the team and its performance. There are no bench warmers, no second string, no favorites. Everybody has an integral part and no one sits out! Each member of the squad will train in all aspects of the sport in order to develop the skills to reach their maximum potential.*

Most importantly, our cheerleaders are here to have fun and continue learning a sport they enjoy! All of our teams are successful, regardless of how many trophies they produce; because they learn to work together as a team and value what that means. It is a great experience that builds friendships and teaches team work, while learning responsibility, sportsmanship, ethical conduct, integrity, accountability, and fair play.
